

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. 1. Accounts are opened by paying the Cost of the Cheques required, and filling up a "Form of Application," such Form being used **only at the Opening of an Account.**

2. "Forms of Application" may be obtained from, and payments made to, either the CHEQUE BANK direct, or any of the Banks in relation therewith in the United Kingdom.

3. Cheque Books are delivered the same day as ordered, when payment is made by Cash or Drafts on demand on London Banks. Three days are required to Clear Country and Suburban Cheques. CHEQUE BANK Cheques are treated as cash.

4. Remittances from Country places, where no Banks exist, should be made by Half Bank Notes or Drafts. The Cheque Books will be forwarded by post.

5. When Cheques are drawn for less than the maximum value, the *balance* left should be entered in the Counterfoils and carried to the Summary Slip at the end of the Cheque Book; this simple plan obviates the necessity for a Pass Book. The total Balance may be deducted from the full cost of a fresh Cheque Book, when renewing (or)

6. If desired, the **balance undrawn** will be paid by a Cheque or Order on any one of the Banks in relation with the CHEQUE BANK.

7. On **renewing** a Cheque Book, or **re-opening** an Account, the renewal form at the end of the Cheque Book should be used, or a letter written, stating the class of Cheque Book required, accompanied by the necessary remittance.

10. Every person connected with the CHEQUE BANK is bound to secrecy as to the Accounts of individuals.

11. **Collection of Debts** and payment of Weekly or Monthly Subscriptions. Public companies, benefit societies, commercial firms, or private individuals banking with the Cheque Bank can obtain Paying-in Slips, by means of which they may have collected, without trouble to themselves, or expense to their customers, all amounts due to them in any town in which there is a bank in relation with the Cheque Bank.

12. All communications by letter to be addressed to the Secretary, at the Head Office, Pall Mall East, S.W.

HARROW & SON,

Testimonial from Lieut.-Col. Mapleson,

HER MAJESTY'S OPERA,

1, Pall Mall, S.W.,

Feb. 2, 1874.

Messrs. HARROW AND SON,

I have tested the New Trunk for upwards of five weeks, and believe it will even surpass the old one, which I return as a "curiosity."

Enclosed is a list of some of the towns I have halted at in my travels, which will show you the amount of work your Portmanteau has been regularly doing since I bought it in 1865. It has, I should say, travelled with me at least 90,000 miles, sometimes changing Hotels six times a week.

You should baptize the improved one "The Dreadnought," and I will stand godfather.

I am, your obedient Servant,

J. H. MAPLESON, LIEUT.-COL.

Director of H. M. Opera.

PAPER COLLARS AND CUFFS.—These are certainly one of the marvels of the age, for nothing short of tearing a cuff will convince any one that they are not made of linen, most beautifully stitched, and, in laundress parlance, 'got up.' After once wearing paper cuffs, those made of linen will not again be patronised. These articles are obtainable at Mr. Tann's, 308, High Holborn.—*From THE TREASURY OF LITERATURE.*

THE FELTED FABRIC DEPOT

(PAVY'S PATENT).

This Fabric is applied to
WINDOW & BED CURTAINS, VALENCES,
BLINDS, WALL TAPESTRY, &c.
CHEAP, DURABLE, AND ELEGANT.

This Fabric possesses all the qualities of the existing furnishing stuff strength, pliability, and richness of design, imitating most closely the beautiful Cretonnes of Alsace, Woollen and Silk Reps and Damasks, and the finest Silks and Brocades, interwoven with gold and silver; it can be sewn, draped, and nailed in a similar manner to these goods.

As Wall Tapestry it is not relatively more expensive than good paper hangings; it can be nailed flat upon the wall without canvas or battens, and does not suffer from the damp like woven materials.

The prices of Curtains and Valences, ready for hanging, do not exceed the usual upholstery charges for making.

Curtains Lined and made up with Bands. Cretonne Designs.
